General Information

Background

The Public Sector Pension Investment Board (PSP Investments) is a Crown corporation established by Parliament by the *Public Sector Pension Investment Board Act* in 1999. PSP Investments reports to Parliament through the President of the Treasury Board, who is responsible for PSP Investments' legislation.

Responsibilities

The role of PSP Investments is to invest the amounts transferred by the Government of Canada equal to the proceeds of the net contributions since April 1, 2000 for the pension plans of the Public Service, the Canadian Forces and the Royal Canadian Mounted Police, and since March 1, 2007, for the Reserve Force Pension Plan (collectively the "Plans"). The amounts so transferred to the Corporation are to fund the liabilities under the Plans for service after the foregoing dates (the "Post-2000 Liabilities"). Its statutory objects are to manage the funds transferred to it in the best interests of the contributors and beneficiaries under the Plans and to maximize investment returns without undue risk of loss, having regard to the funding, policies and requirements of the Plans and their ability to meet their financial obligations.
