Introduction

The Public Sector Pension Investment Board and its Wholly-Owned Subsidiaries (collectively “PSP”) is pleased to present to Parliament its annual report on the administration of the *Privacy Act* for fiscal year 2021–22 (April 1, 2021, to March 31, 2022).

The Public Sector Pension Investment Board (“PSP”) is a Canadian federal Crown Corporation with offices in Montréal, Québec and Ottawa, Ontario, as well as international offices operated by its wholly-owned subsidiaries in London (UK), New York (USA) and Hong Kong (Special Administrative Region). A copy of PSP relevant wholly-owned subsidiaries (as of March 31, 2022) can be found in **Appendix D**.

This report is prepared and tabled in accordance with the following:

- section 72 of the *Privacy Act*, which requires that the head of every federal institution prepare and submit an annual report to Parliament on the administration of the act in the institution during the fiscal year.
- section 3.01 of the *Privacy Act*, which enunciates that PSP is a parent Crown corporation for the purposes of the Act.

Purpose of the Privacy Act

The *Privacy Act* provides individuals with the right of access to and correction of personal information about themselves that is under the control of a government institution. It also provides the legal framework for the collection, retention, use, disclosure, disposition, and accuracy of personal information in the administration of programs and activities by government institutions subject to the act.

Under the *Privacy Act*, personal information is defined as “*information about an identifiable individual that is recorded in any form.*” Examples include information relating to the national or ethnic origin, colour, religion, age, or marital status of an individual; the education or the medical, criminal, financial or employment history of an individual; the address, fingerprints, or blood type of an individual; and any identifying number, symbol or other identifier assigned to an individual.

As noted above, PSP is a Crown corporation that operates in multiple jurisdictions. Personal information is collected under the authority of the *Public Sector Pension Investment Board Act*.¹ Consistent with the purposes of the *Privacy Act*, and Treasury Board of Canada Secretariat’s (TBS) privacy policies and directives,² PSP has

² TBS Policy on Privacy Protection (<https://www.tbs-sct.canada.ca/pol/doc-eng.aspx?id=12510>), TBS Directive on Personal Information Requests and Correction of Personal Information (<https://www.tbs-sct.canada.ca/pol/doc-eng.aspx?id=32590>), TBS Directive on Privacy Practices (<https://www.tbs-sct.canada.ca/pol/doc->

developed comprehensive internal privacy procedures.³ These procedures include applying the *European Union General Data Protection Regulation* (“EU GDPR”),⁴ the *UK Data Protection Act* (“UK DPA”),⁵ the *New York Stop Hacks and Improve Electronic Data Security (“SHIELD”) Act*,⁶ and the *Hong Kong Personal Data (Privacy)(Amendment) Ordinance 2021*.⁷

This report presents an overview of privacy-law activities carried out within PSP in Canada during the reporting period from April 1, 2021, to March 31, 2022. Activities carried out within PSP under the EU GDPR, the UK DPA, the *SHIELD Act*, and the *Hong Kong Personal Data (Privacy)(Amendment) Ordinance 2021* are not described in this report.

Mandate of the Public Sector Pension Investments Board

PSP manages the amounts transferred to it by the Government of Canada for the funding of benefits earned from April 1, 2000, by members of the public sector pension plans of the federal Public Service, the Canadian Forces, the Royal Canadian Mounted Police and, since March 1, 2007, the Reserve Force (the “Plans”). In accordance with the Public Sector Pension Investment Board Act, PSP Investments’ statutory mandate is to:

- Manage amounts that are transferred to it in the best interests of the contributors and beneficiaries under the acts related to the Plans.
- Invest its assets with a view to achieving a maximum rate of return, without undue risk of loss, having regard to the funding, policies and requirements of the Plans and the ability of the Plans to meet their financial obligations.

Delegation order

Pursuant to subsection 73(1) of the *Privacy Act*, the President and CEO of the PSP, acting in his capacity of head of PSP, has delegated the full powers, duties, and functions for the administration of the *Privacy Act* to the following PSP officials: the

The delegation order was signed on June 21, 2019, and a copy can be found in **Appendix C**.

Organizational structure

The Access to Information and Privacy (ATIP) office is under the responsibility of the Legal Affairs Department.

The ATIP office is responsible for implementing and managing programs and services relating to PSP's administration of the *Access to Information Act* and the *Privacy Act*, as well as for providing advice to PSP employees as they fulfill their obligations under both acts.

The ATIP office is led by a Senior Director, who is supported by 3 employees who collectively share the responsibilities for the Intake, Operations, Policies and Procedures.

Team members work together closely to:

- process access to information and privacy requests.
- support sector officials on privacy-related matters.
- support proactive publication of information.
- develop training materials.

Section 73.1 of the *Privacy Act* allows government institutions to provide services related to privacy to another government institution that is presided over by the same minister. In 2021–22, the PSP ATIP office did not provide any such services.

Part 1: Performance in Fiscal Year 2021–22

Statistical reports prepared by government institutions provide aggregate data on the application of the *Access to Information Act* and *Privacy Act* legislation. This information is made public annually in a Statistical Report that is included with the annual reports on access to information and privacy tabled in Parliament by each institution. PSP's statistical report on the *Privacy Act* for 2021–22 is in **Appendix A**.

This year, institutions were asked to report on how the COVID-19 pandemic affected their capacity to receive requests and process records. The 2021–22 Supplemental Statistical Report on the *Access to Information Act* and *Privacy Act* is in **Appendix B**.

The following sections contain highlights on PSP's performance in fiscal year 2021–22 in relation to its obligations under the *Privacy Act* and analyses of the notable statistical data for this year compared with previous years.

Requests received and carried forward

In fiscal year 2021–22, PSP received a total of 7 new requests under the *Privacy Act*. This represents a 29% increase from the 2020–21 total of 5. No privacy requests were carried forward in 2020–21 or in 2021–22. Figure 1 shows how many privacy requests PSP received each year and how many were completed for 2018–19 to 2021–22.

Figure 2 shows how many privacy requests PSP received each year and how many were carried forward for 2018–19 to 2021–22.

Requests completed and pages processed

PSP completed 7 requests in fiscal year 2021–22. As in previous years, no records were processed. Figure 3 shows, for 2018–19 to 2021–22, the number of privacy requests PSP completed each year and the number of pages it processed for those requests.

Disposition of requests, exemptions and exclusions applied to records

Of the 7 requests completed, for 5 them, no relevant records were found; for 2 them, the request was abandoned.

Exemptions

The *Privacy Act* allows, and in certain instances, requires that some personal information, such as information about other individuals, or information that is subject to solicitor-client privilege, be exempt from release. No records were subject to exemptions in fiscal year 2021–22.

Exclusions

The *Privacy Act* does not apply to or excludes information that is already publicly available, such as government publications and material in libraries and museums. No records were subject to exclusions in fiscal year 2021–22.

Format of requests

All requests were received electronically, and all responses were provided in this format.

On-time compliance rate, completion times and extensions

On-time compliance rate

The on-time compliance rate is the percentage of requests responded to within their legislative timelines, including requests for which the institution invoked legislative extensions. In fiscal year 2021–22, PSP’s ATIP office achieved an 100% on-time compliance rate, despite the significant challenges associated with the COVID-19 pandemic. Several factors contributed to this rate, including the quick resumption of the office’s operations after adapting to the shift to teleworking, the issuing of weekly statistical reports on performance, strong case file management, and regular information sessions with PSP officials. Figure 4 shows the percentage of requests completed within legislated timelines, 2018-19 to 2021-22.

Extensions

The legislation sets timelines for responding to privacy requests and allows for extensions when the response requires the review of a large amount of information, consultations with other organizations, or extra time for documents to be translated. In fiscal year 2021–22, PSP did not seek extensions.

Figure 5 shows the average number of pages processed per completed request, percentage of completed requests that required an extension, and the on-time compliance rate, for fiscal years 2019-20 to 2021-22.

Completion times

During the fiscal year 2021-22, all responses were issued within 15 days of receipt of requests.

Figure 6 shows the number of requests completed within each completion time.

Corrections

Paragraph 12(2)(a) of the *Privacy Act* gives individuals a right to request a correction of personal information about them held by the PSP.

No corrections were requested or made in fiscal year 2021–22.

Disclosure under Subsection 8(2)

Paragraphs 8(2)(e), (f), (g), and (m) of the *Privacy Act* permit the disclosure of personal information to various investigative/regulatory bodies or to Members of Parliament, or if disclosure is in the public interest.

No disclosures under subsection 8(2), including under paragraph 8(2)(m), were made in fiscal year 2021–22.

Consultations

In fiscal year 2021-22, PSP did not receive any consultation requests from other federal institutions relating to *Privacy* requests involving PSP records or issues.

PSP's ATIP office also receives enquiries from the public about how to obtain information under the *Access to Information Act* or the *Privacy Act*, and about where to send their requests. PSP redirects some of these enquiries to other federal government institutions, and occasionally, to provincial Freedom of Information and Privacy offices. They are not counted as requests for the purposes of this report.

Training and awareness

In fiscal year 2021–22, the PSP ATIP office continued to expand its outreach activities and provided training sessions to all new PSP employees through the PSP on-boarding program.

In addition, to mark Data Privacy Day, the PSP ATIP office promoted the importance of sound privacy management practices and the shared responsibility for safeguarding personal information in day-to-day activities. The PSP ATIP office published a PSP video which outlined the importance of sound privacy practices.

Impact of COVID-19 pandemic on ATIP office operations

In response to the measures implemented to minimize the effects of the COVID-19 pandemic (for example, having all employees work from home), PSP activated its business continuity plan (BCP) on March 16, 2020. Under the BCP, all employees were granted access to PSP's virtual private network (VPN).

From April 1, 2021, to March 31, 2022, legislated ATIP services were provided through PSP VPN access, under the BCP. Since all PSP ATIP employees had full access to the VPN, normal ATIP activities were conducted. Further, some PSP colleagues have also been going to the office regularly to perform certain tasks needed to ensure program continuity (for example, to pick up regular mail).

The PSP ATIP office had to update its procedures to reflect the realities of a new digital environment while at the same time continuing its operations despite the challenges of the pandemic. It modernized its processes to ensure that requests were processed efficiently and within legislative deadlines.

The PSP ATIP office fully complied with the COVID-19 ATIP Implementation notice issued by the Treasury Board of Canada Secretariat's (TBS) Information and Privacy Policy Division.

Policies, guidelines, procedures, and reporting

Digital processes

With most PSP employees working from home because of the COVID-19 pandemic, the PSP ATIP office developed alternate procedures and guidelines to make it easier for employees to retrieve documents digitally in response to ATIP requests.

Monitoring Compliance

The PSP ATIP office produces a variety of regular and ad hoc reports to monitor PSP's compliance with the *Access to Information Act* and *Privacy Act* through the quarterly review of key performance indicators.

Data sharing activities

PSP did not undertake any new internal or external data sharing activities in fiscal year 2021–22.

Exempt banks

PSP has no exempt banks under the *Privacy Act*.

Privacy Impact Assessments

The ATIP office provides PSP program officials with support and guidance on the Privacy Impact Assessment (PIA) process. In accordance with the *TBS Directive on Privacy Impact Assessment*, a PIA must be initiated for a program or activity in the following circumstances:

- when personal information is used for or is intended to be used as part of a decision-making process that directly affects the individual.
- upon substantial modifications to existing programs or activities where personal information is used or intended to be used for an administrative purpose.
- when the contracting out or the transfer of a program or activity to another level of government or to the private sector results in substantial modifications to the program or activities.

PIA is a risk management process that helps institutions ensure they meet legislative requirements and identify the impacts of their programs and activities will have on individuals' privacy. To fulfill its mandate, some of PSP's responsibilities require the collection, use and disclosure of personal information. As a trusted custodian of this information, the PSP uses PIAs as a means of ensuring compliance with the legal requirements set out in the *Privacy Act* as well as adherence to TBS policies and directives. A PIA may not eliminate such risks altogether but should help to identify and manage them. There is often more than one way of designing a project. A PIA can help identify the least privacy intrusive way of achieving a legitimate aim.

PSP continually assesses its current level of privacy exposure through rigorous legal privacy assessments. Through a streamlined process, PSP ensures that unique areas of concern or atypical data handling practices are assessed, privacy issues identified and resolved. In fiscal year 2021-22, in Canada, PSP conducted 48 privacy assessments. However, no PIA that would satisfy the *TBS Privacy Impact Assessment Directive* (at Appendix "C") has been completed and approved under Section 10 of the *Privacy Act*.

Material privacy breaches

In fiscal year 2021-22, PSP had no material privacy breaches.

Privacy Protocol for non-administrative purposes

Under *TBS Directive on Privacy Practices*, a non-administrative purpose is the use of personal information for a purpose that is not related to any decision-making process that directly affects the individual. In accordance with *TBS Policy on Privacy Protection*, PSP must establish privacy protocols for the collection, use or disclosure of personal

information for non-administrative purposes, including research, statistical, audit and evaluation purposes.

In fiscal year 2021-22, PSP did not establish any protocols.

Complaints, investigations and appeals

Applicants have the right to register a complaint with the Office of the Privacy Commissioner of Canada (OPC) regarding any matter relating to the processing of a request.

Complaints received

In fiscal year 2021–22, PSP was not notified of any complaints received by the OPC.

Complaints closed

In fiscal year 2021–22, the OPC issued no findings against PSP.

Application/appeals to the Federal Court or Federal Court of Appeal

There have been no court cases against PSP in relation to the *Privacy Act* since 2004.

Information about programs and information holdings

The Public Sector Pension Investment Board publishes an inventory of its information holdings, as well as relevant details about personal information under its control.

The primary purpose of this inventory is to assist individuals in exercising their rights under the *Access to Information Act* and the *Privacy Act*. It also supports the federal government's commitment to facilitate access to information on its activities, since it is available to the public on the Internet, free of charge.

A description of PSP's functions, programs, activities, and related information holdings can be found on PSP's website (<https://www.investpsp.com/en/>)

In addition to completing the annual update of its inventory of information holdings, PSP is realigning all content in the publication to bring it into line with the fiscal year 2021–22 Annual Report which enunciates its Results Framework.

Costs

In fiscal year 2021–22, PSP's total cost for administering the *Privacy Act* was \$419,131. The PSP ATIP office incurred \$148,314 in salary costs and \$270,817 in professional services contracts costs.

These costs do not include resources expended by PSP's program areas to meet the requirements of the Act.
